

Homework Policy

The aims in giving homework are:

- to familiarise parents with the work their children are doing in school,
- to give children the opportunity to work independently and
- to consolidate new information and skills.

All children are expected to prepare some reading as a matter of routine. In the case of younger children it is necessary for parents to supervise. Older children may not require the same degree of help but they will always find parental interest encouraging.

Homework may be given in cases of long term absences through illness or injury.

Please contact school for further information.
